

# Snom D7 Expansion Module Black

Product Name: Snom D7 Expansion Module Black

Manufacturer: Snom Model Number: D7-Black

Snom D7 Expansion Module Black

The Snom D7 expansion module works with all current Snom desk phones. It includes 18 multi-color LED keys which can be programmed with all available snom phone functions. The high-resolution display provides a perfect visual interface which can be easily configured and labelled via the phone's web interface or directly on the phone itself.

D7-Black Key Features

� 18 highly configurable self-labeling LED keys

آذِرُ High-resolution black & mp; white display with backlight

� Daisy chain up to 3 modules

ï¿1/2 Plug and play

� Power supplied by phone via USB port

Using the Snom D7 could not be easier, simply connect the USB cable and it's ready to use. Three D7 expansion modules can be daisy-chained to add up to 54 function keys to your phone. The D7 is the perfect addition to any snom 7-series desk phone.
