

Grandstream GXP1610 IP Phone (Non PoE)

Product Name: Grandstream GXP1610 IP Phone (Non PoE)

Manufacturer: Grandstream

Model Number: GXP1610

Grandstream GXP1610 IP Phone (Non PoE)

The Grandstream GXP1610 is a simple to use IP phone for small-to-medium businesses (SMBs) and home offices. The GXP1610 is a Linux-based model and features a single SIP account, up to 2 call appearances and 3 XML programmable soft keys. A 132 x 48 LCD screen creates a clear display for easy viewing.

Grandstream GXP1610 Key Features

- 1 SIP account, 2 line keys, 3-way conferencing, 3 XML programmable context-sensitive soft keys
- Dual-switched 10/100 mbps ports
- EHS support for Plantronics headsets
- Up to 500 contacts
- Call history up to 200 records

Additional features such as dual switched 10/100 Mbps ports, multi-language support, Electronic Hook Switch support for Plantronics headsets, call-waiting and 3-way conferencing allow the GXP1610 to be a high quality, user-friendly and dependable IP phone.

User-Friendly Design for Small Businesses

The GXP1610 is a simple and reliable IP phone designed for small business users seeking a straightforward VoIP calling experience. Supporting 1 line and 2 call appearances, this model ensures ease of use with a 2.95-inch LCD screen and 3 XML programmable soft keys for quick customisation, making it an efficient tool for everyday communication.

Productivity and Connectivity

To enhance productivity, the GXP1610 offers 3-way voice conferencing, enabling small teams to collaborate easily. It features 10/100 Mbps ports for network connectivity and includes integrated PoE in the GXP1610P and GXP1615 models. The device also supports EHS for Plantronics headsets and multi-language options, ensuring compatibility and flexibility.

Ideal for Small Business Use

With its combination of essential features, ease of use, and high-quality design, the GXP1610 is a perfect fit for small businesses. Its straightforward interface and practical features provide a user-friendly VoIP solution that enhances communication without added complexity.
