

Panasonic KX-TGP600 DECT IP Phone

Product Name: Panasonic KX-TGP600 DECT IP Phone

Manufacturer: Panasonic

Model Number: KX-TGP600

Panasonic KX-TGP600 DECT IP Phone

The Panasonic KX-TGP600 offers a great value single cell DECT solution that is remarkably easy to set up and manage. Its automated provisioning function enables easy deployment plus remote configuration of settings and handset management. The KX-TGP600 consists of a DECT base station and a single KX-TPA60 handset which offers a 1.8" colour LCD backlight display, plus HD wideband audio (G.722) and a 500 capacity phone book.

Panasonic KX-TGP600 Key Features

- 1.8" colour LCD screen
- HD wideband audio (G.722)
- 500 phone book address/20 last dialled number memory
- Support for up to 8 DECT handsets / up to 8 SIP registrations
- Up to 8 simultaneous network conversations
- Allows up to 6 repeaters
- Easy setup and maintenance
- Wall mountable
- Broadsoft/BroadWorks Certified
- KX-TGP600 Bundle includes a KX-TPA60 handset and base station

Users can connect as many as eight DECT wireless handsets or deskphones to the system. With the ability to use eight outside lines simultaneously, customer service becomes more efficient, and the cost and effort of installing and managing separate outside lines are removed completely. The KX-TPA65 wireless deskphone is also compatible, which offers a significant advantage over 'traditional' deskphones, as its DECT capabilities mean no additional cabling is required when the system is being installed.
