Gigaset C530 DECT VoIP Phone System

The Gigaset C530 IP DECT Phone System is unique with its straightforward handling and modern look, serving as a landline telephone which can be customised to your taste. Choose from two appealing background colour schemes for the 1.8-inch colour display. You can even set a personal screensaver, an individual sound profile and special ringtones for selected contacts. Gigaset C530 Key Features

- Up to 6 SIP accounts from different providers
- Access to social networks such as Facebook
- 1.8" (32 x 38 mm) TFT colour display with 2 colour schemes to choose from
- Easy personalization of ringtones, screensaver, sound profiles
- Simple, stylish interface; coloured icons and text-based menu
- Large phonebook with search function for up to 200 entries
- Long talk and standby time of up to 14/320 hours

The Gigaset C530 is efficient thanks to VoIP: make up to 3 parallel calls in brilliant HDSP sound and see online information e.g. from social media, with the high-quality VoIP and landline phone. Furthermore, with Contacts Push online application you can upload smartphone contacts directly to the handset.

The new ContactsPush appUploading phone contacts has never been easier!Finally a quick and easy way to load contacts onto your VoIP and landline phone C530 IP: introducing ContactsPush, the complimentary Gigaset online application that allows you to transfer contacts directly from your smartphone. With a few simple clicks you can upload your smartphone contacts to your DECT handsets. Now that's innovation!

Extend your networkStay in touch effectively, all around the world The VoIP functionality allows you to make up to 3 parallel calls – so you don't need separate lines for multitasking. You can easily switch between Internet and landline calls according to your needs. You can also add up to 6 SIP accounts from different providers and make free calls to Gigaset VoIP phones worldwide via Gigaset.net. In addition, you can access online information from social media platforms.

Whatever you likeEasy personalisation makes phoning more funCustomize your Gigaset C530 IP at your heart's delight. It's so fast and simple to personalise your ringtone, screensaver and sound profiles according to your taste. An easy-to-use, stylish user interface feature coloured icons and a text-based menu, which makes browsing the colour display a real pleasure.

And there's always a little moreIt's the user-friendly extras that make all the difference The 1.8" TFT colour display makes using your phone so much more convenient. Choose from two colour schemes according to your personal taste. Phonebook space for up to 200 entries means easy access to names and numbers. You can also assign VIP contacts with a special ringtone and birthday reminders. Talk/standby time allow for up to 14/320 hours.

Up close with HDSP™ soundBrilliant sound quality with that face-to-face feelingMake sure you hear every word in crystal-clear sound with HDSP™ sound quality when making VoIP calls. Brilliant audio ensures genuinely enhanced sound, for an up close and personal feeling even when you're talking hands-free. In fact, with HDSP™ sound, you can expect
