� 1U Form Factor Case (with brackets)

ï¿1/2 1 Year Warranty

Sangoma PBXact UC100 Phone System - 100 Users is based on the world's most popular open source PBX platform, FreePBX. We bundle in advanced functionality and tightly integrate this functionality across phones, web based user control panels and operator panels. PBXact provides one of the easiest systems for users to get started using, with little or no training.In addition to the advanced functionality we also provide system integrators with POMPs™ (Peace of Mind Packages), that provide easy upgrade paths, via a tightly controlled upgrade mechanism, allowing you to keep your systems updated with the latest and greatest features, and security fixes, as well as offsite backups of your system.PBXact was designed with one thing in mind: enhancing business communications to impact your bottom line. In order to accomplish that goal, we offer some really unique, tightly integrated features that allow you to custom design business communications around your needs.
