Gigaset C430HX DECT Handset
The Gigaset C430HX cordless phone is equipped to simplify your household routine. With useful direct access functions and an integrated baby phone it is a practical and user-friendly solution to your day-to-day calling requirements.
Gigaset C430HX Key Features

ï¿½ Additional handset to expand your landline system
ï¿½ Large 1.8” TFT colour display with two colour schemes to choose from
ï¿½ Easy personalisation options for ringtones, screensaver and sound profiles
ï¿½ Large phonebook with search function for up to 150 entries – each with full name, 3 numbers, ringtone and birthday reminder
ï¿½ Brilliant HSP sound quality, even hands-free
ï¿½ 2 direct access keys to your favourite functions (can be set individually)
ï¿½ Selectable day/night switch that mutes the handset’s ringer
ï¿½ Long talk and standby time of up to 14 and 300 hours, respectively
ï¿½ Ergonomic, precise keypad made from high-quality materials
ï¿½ Supports the Gigaset L410 hands-free clip

Great features, solid performance
There’s space for everyone! The Gigaset C430’s phonebook has space for up to 150 contacts, each with full name and up to 3 numbers. Mark your personal “VIPs” and make sure you remember their special occasions by setting a convenient reminder. And that’s not all: the handy day/night switch mutes the ringtone whenever you need peace and quiet.
ECO-DECT: Radiation free
Energy-efficient power supply means that the Gigaset C430 is easier on the environment – and on your wallet. Like all Gigaset cordless phones, it variably reduces the transmitting power from the handset to the base station depending on their distance apart. You can also decrease the transmitting power of the Gigaset C430’s base station by 80% – simply select ECO Mode. What’s more, radiation-free ECO Mode Plus switches off the transmitting power whenever your phone is in idle mode.
