

Product Name: Snom D315 IP Phone - Gigabit Switch and USB Port Manufacturer: -Model Number: D315

Please Note: This product is end of life. For an alternative, see the Snom D335.

Snom D315 IP Phone - Gigabit Switch and USB Port The Snom D315 is a professional VoIP phone that provides a number of functions perfectly suited to business. The Snom D315 fulfils all important requirements of VoIP telephony, featuring Dual IPv4/ IPv6 stack, USB port and sensor hook switch. Snom D315 Key Features

i¿½ 4 SIP accounts
i¿½ Gigabit switch
i¿½ USB port
i¿½ Dual IPv4 / IPv6 stack
i¿½ Wideband audio
i¿½ Sensor hook switch
i¿½ 5 configurable function keys with LEDs
i¿½ Desk or wall mounting

The Snom D315 has a flexible design that makes it suitable for use in a wide variety of environments, including offices, call centres and reception areas. It can be used as a desk phone – it's gently inclined, European-style keyboard lending itself easily to dialing with minimal impact on the user's hand. It can also be mounted on the wall without additional hardware. Designed to last, the Snom D315 features a dual IPv4/IPv6 stack, which ensures its longevity even as networks evolve. It also contains the new Snom sensor hook switch, which increases durability and product life. Snom D315 Technical Specification

Features

ï¿1/2 4 SIP identities / accounts

ï¿1/2 XML browser

ï¿1/2 Call lists for dialed, received, missed calls

ï¿1/2 Local directory with 1000 entries

ï¿1/2 Multiple language support

ï¿1/2 DTMF in-band / out-of-band / SIP-INFO
