VTech ErisTerminal VSP736 SIP Deskset

Do more business with a phone that does more for you. The VTech VSP736 deskset covers it all—manages up to six SIP lines/accounts, makes calling more efficient with 16 programmable keys, and gives you high-quality calls with G.722 wideband codec support for HD audio. Because it uses DECT 6.0 technology, the VSP736 makes it easier than ever to add an inexpensive cordless option.

VTech ErisTerminal VSP736 Key Features

- ½ Advanced call handling Impress customers with comprehensive call handling features that are compatible with hosted and open-source PBX platforms.*

- ½ Flexibility With support for up to six SIP lines/accounts, you can manage multiple calls with advanced call handling features.

- ½ Intuitive design You're in business with a user-friendly interface, large backlit display, navigational pad and four soft keys.

- ½ One-button call routing Program up to 16 dual-function feature keys for convenient access, including shared call appearances (SCA), busy lamp fields (BLF), quick dial and feature codes.

- ½ Full-duplex speakerphone Finally, a speakerphone that can keep up with your calls. Increase participation by allowing parties on both ends to speak and be heard—at the same time—for conversations that are more true to life.

- ½ HD voice quality With G.722 wideband codec support for HD audio, calls have never sounded so rich and life-like. *Compatible with Broadsoft® and Asterisk-based platforms.

- ½ Cordless convenience Thanks to the built-in DECT 6.0 radio, you can pair a compatible VTech cordless headset and/or handset for hands-free mobility and super-clear sound quality.

- ½ Call recording with micro SD card slot Save calls right to your deskset using a micro SD card (sold separately) in the built-in port. Then enjoy free, easy access to recordings you can review later for missed details or quality assurance.

- ½ Dual Ethernet ports Do more with dual Ethernet ports. Connect your desktop computer or laptop to the phone—no need for extra cabling. Power over Ethernet (PoE) With PoE support, you can locate the phones anywhere that's convenient—no AC outlets or complicated wiring required.

- ½ Three-year warranty Enjoy the peace of mind that comes with an industry-leading, standard three-year warranty. VTech also provides advanced replacement on warranty claims using new, not refurbished products.

With the touch of a button, you can pair a handset and/or headset to take calls away from your desk. Plus, with the built-in micro SD card slot, it allows you to record and review calls right on the deskset, without having to pay for a subscription from your service provider. This system is quick to install so you can get down to business faster with a user-friendly interface, large backlit display, and navigational pad.
