

Product Name: Digium D80 IP Phone

Manufacturer: -Model Number: -

Please Note: This product has been rebranded to Sangoma. Please see the new product page here.

Digium D80 IP Phone

The Digium D80 IP Phone is completely touch-driven with no physical buttons. It utilises a 7-inch HD display with multi-point capacitive touchscreen, 100 rapid dial/busy lamp field (BLF) entries, dual 10/100/1000 Mbps Gigabit network ports and advanced touch-optimised applications. This model is ideal for all users who want an exceptional and easy-to-use interface with the highest level of quality.

Digium D80 Key Features

� 1-line appearance

تزن 7-inch, High Definition (HD), 800 x 1280 pixel backlit colour LCD display

تز1/2 Multi-Point capacitive touchscreen display

� 20 on-screen Rapid Dial / BLF keys, scrollable to 100

آذِيًّ Feature and context-sensitive functionsHeadset, speaker and mute functions

าั¿1/2 2-color LED Message Waiting Indicator

ï¿⅓ Volume control

The D80 provides a fully-integrated experience, giving users an unparalleled level of functionality with simple, flexible and robust call handling. Accessing advanced phone applications like visual voicemail, user presence, intelligent contacts and visual call parking is simplified through the optimized touch-centric menu system. Digium phones support plug-and-play provisioning. Simply plug the phones in, automatically discover your Asterisk or Switchvox server, select the user, and start talking. Digium phones make it easier to do full office installs with autonomous assignment and configuration through MAC Address batch assignment.
