

Zycoo CooVox EXS16S 16 FXS Expansion Box

Product Name: Zycoo CooVox EXS16S 16 FXS Expansion Box

Manufacturer: ZYCOO

Model Number: EXS16S

Zycoo CooVox EXS16S 16 FXS Expansion Box

The CooVox series EX16S is an FXS port expansion box especially designed for ZYCOO CooVox series IPPBX system. Each box provides 16 FXS channels for connecting analog phones and fax machines to your CooVox V2 IPPBX system as extensions through your LAN. Each FXS port uses an individual SIP extension number to register to the CooVox V2 IPPBX system just as an IP phone does.

Zycoo CooVox EXS16S Key Features

• Auto-provisioning: Provisioning by ZYCOO CooVox V2 series IPPBX, zero-config on the box.

• Feature rich and ease of use: Inherits nearly all innovative VoIP call features from the CooVox V2 series IPPBX system.

• Robust and reliable: 1GHz A7 processor on board guarantees superior user experience.

• Expandable: Each EX16S connects to CooVox V2 system through your LAN, you can expand FXS ports by deploying several EX16S boxes in your LAN till fulfill all analog phones and Fax machines you have.
