CyberData Video Outdoor VoIP Intercom (011410)

Product Name: CyberData Video Outdoor VoIP Intercom (011410)
Manufacturer: CyberData
Model Number: 011410

CyberData SIP-enabled Video Outdoor Intercom (011410)

Please Note: The item does not include the pictured optional weather shroud (011188).

The CyberData SIP-enabled Video Outdoor Intercom is perfect for secure access settings requiring video and two-way communication. With excellent color and low light capability, the CyberData SIP-enabled Video intercom can increase the security of any VoIP installation.
CyberData 011410 Key Features

ï¿½ PoE 802.3af enabled (Powered-over-Ethernet)
ï¿½ SIP compliant
ï¿½ Adjustable camera angle
ï¿½ Full-duplex voice operation
ï¿½ Network web management
ï¿½ Network adjustable speaker volume and microphone sensitivity
ï¿½ Network downloadable firmware
ï¿½ Doubles as a paging speaker
ï¿½ Dry relay contact for auxiliary control (controls external power)
ï¿½ Door closure and tamper alert signal
ï¿½ Optional Weather Shroud for even greater weather protection
ï¿½ IP65 IP rating
ï¿½ Optional Security Torx screws with driver kit

The Weather Shroud can be purchased separately for even greater weather protection. Based on one of our most popular devices, the new Video Outdoor Intercom can be installed in nursing care facilities, schools and universities, daycare facilities, retail establishments, highway tolls, needing color video and clear two way audio.
