

2N Fingerprint Reader (9155045)

Product Name: 2N Fingerprint Reader (9155045)

Manufacturer: 2N Telecommunications

Model Number: 9155045

2N Fingerprint Reader (9155045)

The 2N Fingerprint Reader (9155045) Biometric module for 2N Helios IP Verso door-opener. Characterised by providing maximum security, high reliability, and rapid fingerprint reading response. It works on indoor and outdoor installations under any weather conditions. The fingerprint reader uses optical fingerprint recognition technology. The device has acoustic and light signal indicators located just above the reader module. It can be used in office buildings or residential properties where the use of modern, luxury technology is important, and other access technologies, such as RFID or keypad, are uncommon.

2N Fingerprint Reader (9155045) Key Features

- The most secure method of user identification
- Luxurious and robust module
- False fingerprint detection

2N Fingerprint Reader (9155045) - Technical Specifications

General

- Optical sensor
- Sensor surface protected by toughened glass
- False fingerprint detection
- Moisture and dust-resistant
- Ambient light suppression: works even in direct sunlight
- Indication using multicoloured LEDs
- Large fingerprint reading surface: 15.24 x 20.32 mm
- Operating temperature: -20°C – 55°C
- Certification: FBI PIV

Price: Â£520.60
