Digium Switchvox E540 Appliance
The Switchvox E540 is the ideal communications solution for midsize businesses who want added levels of redundancy. It features a mirrored RAID array of solid state drives and redundant power supplies, giving your business communications unparalleled reliability and long-term uptime. Equipped with a quad-core processor and all of the advanced Unified Communications (UC) features of Switchvox, the E540 is the ultimate, modern UC system for organizations with up to 600 phones.
Digium Switchvox E530   Key Features

ï¿½ Supports up to 600 phones
ï¿½ Up to 200 concurrent calls
ï¿½ Quad-core processor
ï¿½ Mirrored SSD storage
ï¿½ iDRAC8 Enterprise with Lifecycle Controller
ï¿½ Weight: 38 lbs including packaging
ï¿½ Power supply: Internal redundant 350W
ï¿½ Dimensions: 24”D x 19.0”W x 1.7”H
ï¿½ Appliance requires Switchvox 6.5.1.1 or higher

The E540 is powered by Dell EMC hardware and offers Switchvox users additional features and benefits, including Next Business Day Parts and On-Site Service if required. The E540 is also embedded with the integrated Dell Remote Access Controller (iDRAC). This built-in remote access tool eases system administration by sending alerts for server issues, enabling remote server management, and reducing the need for physical access to the Switchvox appliance.
