

## 2N StarGate/BlueTower GSM antenna splitter 32/2 (32 GSM channels to 2 antennas with N connector), signal loss 15dB (5060022E)

Product Name: 2N StarGate/BlueTower GSM antenna splitter 32/2 (32 GSM channels to 2 antennas with N connector), signal loss 15dB (5060022E)

Manufacturer: 2N Telecommunications

Model Number: 5060022E

2N StarGate/BlueTower GSM antenna splitter 32/2 (32 GSM channels to 2 antennas with N connector), signal loss 15dB (5060022E)

The 2N StarGate/BlueTower GSM antenna splitter provides 32 GSM channels to 2 antennas with N connector, signal attenuation 12dB, SMA/N. Antenna splitter allows merging of multiple GSM/UMTS modules to one antenna with high gain.
