

Digium Three (3) Port Interlocking Timing Cable (3112-00003)

Product Name: Digium Three (3) Port Interlocking Timing Cable (3112-00003)

Manufacturer: Sangoma

Model Number: 3112-00003

Digium Three (3) Port Interlocking Timing Cable (3112-00003)

The Digium 3112-00003 timing cable allows up to three Hx8 or TE8xx cards to share the same sync (timing) source from the T1/E1 provider, or provide a consistent sync source across multiple cards. The feature is useful for data and fax modes and some voice applications to prevent corruption due to timing slips on the second or third Hx8/TE8xx cards.
