

Digium 1VPMOCT064LF Hardware Echo Cancellation Module

Product Name: Digium 1VPMOCT064LF Hardware Echo Cancellation Module

Manufacturer: Sangoma

Model Number: 1VPMOCT064LF

Digium 1VPMOCT064LF Hardware Echo Cancellation Module

The Digium VPMOCT064LF provides the G.168 algorithm which has been labeled a benchmark for echo cancellation and performs 128ms (1024 taps) of echo cancellation across all 60 channels in E1 mode or all 48 channels in T1/J1 modes. This module is suitable for Digium dual port T1/E1 cards.
