

## Digium 1VPM064LF 64 Channel Echo Cancellation Module

Product Name: Digium 1VPM064LF 64 Channel Echo Cancellation Module

Manufacturer: Sangoma Model Number: 1VPM064LF

Digium 1VPM064LF 64 Channel Echo Cancellation Module
The Digium 1VPM064LF is an echo cancellation module is compatible with A8-series analog
cards and the TE235 T1 card. This card solves the voice echo problem commonly associated with
connecting a PCI card to a PSTN. While software-based solutions are available, the Digium
VPM064 is a more reliable hardware-based module. Attach this module to the PCI or PCI Express
card to dramatically improve voice and audio quality. Note: compatible with 8-port A8 series cards,

and the 2-port TE235 card.

Price: £399.50
