Snom A100M Wideband Monaural Headset

The Snom A100M is a wired monaural headset designed for maximum comfort and performance. The wideband technology ensures high-definition sound and crystal-clear communication.

Snom A100M Key Features

- Ergonomic and lightweight design
- Superior wideband sound thanks to optimised speaker tuning
- 300°; flexible boom
- Passive noise cancelling microphone
- Quick Release (QR) adapters for different connectors

In addition, the flexible boom and the passive noise cancelling microphone guarantee clear voice transmission. This headset is perfect for office and business environments.
