

Fanvil HT201 Monaural Wideband Headset

Product Name: Fanvil HT201 Monaural Wideband Headset

Manufacturer: Fanvil

Model Number: HT201

Fanvil HT201 Headset, Monaural Wideband

The Fanvil HT201 Headset is an over-the-head style monaural (single ear) model for office workers, SOHO or call centre staff. Coupled with noise cancellation technology and wideband audio, the HT201 Headset delivers clearer conversation and offers a more professional customer experience on every call. The HT201 has noise cancelling microphone technology to block out background noise and sharp breathing sounds, as well as being sturdy and lightweight for all-day comfort.

Fanvil HT201 Key Features

- HD sound clarity
- Noise cancelling microphone
- Peakstop technology
- Long durability
- Wide compatibility
- Monaural

The Fanvil HT201 is a monaural headset designed for professional communication, offering HD sound clarity and a noise-cancelling microphone for clear conversations. It features Peakstop technology, which protects users from sudden loud noises, ensuring safe listening. Built for long-lasting durability, the HT201 is widely compatible with various devices, making it an ideal solution for office and call center environments.
