

Snom D7 Expansion Module White

Product Name: Snom D7 Expansion Module White

Manufacturer: Snom

Model Number: D7-White

Snom D7 Expansion Module White

The Snom D7 Expansion Module White features 18 multi-color LED keys which can be programmed with all functions available known from snom phones. The high-resolution display provides a perfect visual interface which can be easily configured and labelled via the phone's web interface or directly on the phone itself.

Key Features

- 18 highly configurable self-labeling LED keys
- High-resolution black & white display with backlight
- Daisy chain up to 3 modules
- Plug and play
- Power supplied by phone via USB port

Using the D7 could not be easier: simply connect the USB cable and it's ready to use. Three D7 expansion modules can be daisy-chained to add up to 54 function keys to your phone. The D7 is the perfect addition to any Snom 7-series desk phone.
