Yealink Wireless DECT Conference Phone (CP930W)

The Yealink CP930W is based on reliable and secure DECT technology and designed for wireless communication environments such as small-to-medium meeting rooms and huddle rooms. The CP930W not only ensures you up to 24 call hours, but also delivers first-rate audio quality with the Yealink Noise Proof technology. In addition, the wireless design entirely frees you from network and power outlet troubles and makes your conference table more uncluttered than ever before. Yealink CP930W Key Features

ï¿1/2 Work with Yealink W60B Base Station

Another smart feature is that Yealink CP930W provides wireless and wired pairing with your mobile staff – smartphone or PC/tablet via Bluetooth and USB Micro-B port to merge all these three devices, your smartphone, PC/tablet and CP930W into one hybrid UC meeting. Make your conference calls mobile and flexible via Yealink CP930W, abandoning the limitation of conference rooms and holds meetings anywhere you want within DECT coverage. Complete Freedom

Employing DECT technology, the Yealink CP930W Wireless DECT Conference Phone allows you to hold meetings wherever or whenever is convenient for you, freeing you entirely from network and power outlet troubles. Also, its built-in rechargeable battery ensures up to 24 hours of call time and 15 days of standby time, guaranteeing long working times without recharging and making CP930W totally wireless in DECT environment.

Superior Audio Quality

The Yealink CP930W DECT conference phone, marrying the Yealink Noise Proof Technology, unburdens business conversation by reducing annoying noise and minimising distractions to set audio experience into a new level. Thanks to its built-in 3-microphone array, CP930W owns a 20-foot (6-meter) and 360-degree voice pickup range as if all participants are sitting across the table from each other!

Sensitive Touch, Elegant Control

This Y-shape phone released from Yealink, representing the first letter Y of Yealink, owns a sensitive touch keypad which perfectly cancels the keypad noise and facilitates your conference

Yealink CP930W Wireless DECT Conference Phone

room experience by simply putting all of the key conferencing functions at your fingertips. Hybrid UC Meeting

With Yealink CP930W, up to five parties can join a conference call from different locations, helping your company cut costs and save time. Pairing Yealink CP930W with your smartphone (via Bluetooth) or PC/tablet (via micro USB) allows you to turn the Yealink CP930W into a loudspeaker and microphone with ease. In addition, you can merge your smartphone, PC/tablet and SIP call into one hybrid UC meeting.
