- Offers 1 Year Warranty with Options to Extend

Quick-start installation wizard

The quick-start Installation Wizard for PBXact makes it incredibly easy to get your PBX set up with basic configuration in just a few minutes!

User Control Panel for Personal Administration

UCP provides each user with a web-based login to allow easy control of their personal experience from any device. Users can view their call history, view contacts, set their presence and personalize their phone soft-keys like call forwarding, follow me, call waiting and do not disturb.

Zulu UC Desktop and Mobile Integration

Zulu UC Desktop and Mobile Integration is included with all PBXact Systems. The desktop client provides users with: a feature-rich softphone for true office mobility including SMS and FAX capabilities, click-to-call from web browsers and screen pops for helpdesk integration. The mobile client for iOS and Android includes softphone, chat, contacts sync, and more, allowing you to access your extension remotely on your mobile phone.

Zero Touch Provisioning

Designed specifically for PBXact, Sangoma's line of IP Phones auto-provision themselves out-of-box using our Redirection Service and EndPoint Manager Module.

Full Suite of Phone Applications

A suite of applications to control functions and settings directly from the screen of IP phones. No need to remember feature codes! PhoneApps are built-in to Sangoma IP Phones and also offered to 3rd party vendors
