Yealink T55A TEAMS Edition HD IP Phone

The Yealink T55A is compatible with Microsoft®; Skype for Business and Office 365 and is ideal for worker desk and common area use.

Yealink T55A Key Features

- 4.3 inch (480 x 272) capacitive touch screen
- Optimal HD audio
- SILK speech codec
- Yealink Noise Proof Technology
- Microsoft Skype-tailored user interface
- Supports Office 365, upgradability of firmware to Teams or SFB edition
- Supports Boss/Admin, Common Area Phone, Hot desking, BTtoE
- 1 USB 2.0 port
- Bluetooth headset via BT40
- Wi-Fi via WF50/WF40
- Supports USB headset
- Supports YHS33/YHS33-USB
- Dual-port Gigabit Ethernet, PoE support

The T55A Android-based phone not only features a 4.3-inch capacitive touch screen and the consistent Skype-tailored experience, but also owns the capability to upgrade to Teams version. Presenting a standalone voice solution and an unparalleled audio clarity, the T55A is armed with Yealink's Optima HD Voice and Yealink Noise Proof Technology. Moreover, The T55A facilitates high-quality collaboration with flexibility via its USB port for a Wi-Fi, Bluetooth and a USB headset. Easier to be heard and to participate in the call

Yealink Optima HD Voice technology combines cutting-edge hardware and software, including the Yealink Noise Proof Technology, to provide an excellent audio experience for more efficient and productive calls. As a speech codec for real-time, packet-based voice communications, SILK, is designed to perform a higher HD audio quality, which provides scalability in several dimensions and is highly scalable in terms of audio bandwidth, network bit rate, and complexity. Moreover, its hearing aid compatible (HAC) handset helps people with hearing loss to hear the voice more clearly.

Rich functionality

The 4.3-inch multi-point screen and the Skype-tailored user interface provide a rich visual presentation and easy menu navigation. The T55A is fully compatible with Skype for Business and Office 365, making for a rich and capable ecosystem for team environment. With an all-new USB port, the T55A boasts unparalleled functionality and expansibility with Bluetooth, Wi-Fi, USB recording and USB headset.

Future-Proof solutions

The T55A owns the capability to transition from Skype for Business to Teams via device

Yealink T55A TEAMS Edition HD IP Phone

firmware update, which helps customers secure their investment for the future and allows for better device planning during the migration from Skype for Business to Teams.
