

Grandstream GMC08 Battery Charger for WP820

Product Name: Grandstream GMC08 Battery Charger for WP820

Manufacturer: Grandstream

Model Number: GMC08

Grandstream GMC08 Battery Charger for WP820

The Grandstream GMC08 is a battery charging pack for the WP820 Cordless WiFi IP Phone. It features 8 independent slots to fully charge or discharge multiple batteries simultaneously.

Grandstream GMC08 Key Features

- 8 independent slots
- 3 charging capacities
- Reliable performance and efficiency
- Leak protection

For added flexibility, the GMC08 comes with three charging capacities for air shipment, storage capacity control and long endurance. It offers reliable performance and efficiency thanks to built-in overvoltage, over-charge, over-current, and short-circuit management as well as leak protection.

Grandstream GMC08 Technical Specification

General

- Charging Battery Type: Lithium Ion battery
- Charging Battery Count: Up to 8 batteries
- LED: 8 independent dual color LEDs for charging/discharging status
- Fan: 1 fan for temperature control
- Other Features: Three capacity levels: Low-capacity (20%-30%) for sea/land/air transport, intermediate-capacity (60%) for extended duration transportation and storage, and high-capacity (100%) charging
- Safety:- Auto temperature control with cooling fan for high temperatures- Device shut off under extreme temperatures
- Power & Green Energy Efficiency: Universal power adapter included:- Input: 100 ~ 240V 50/60Hz;- Output: 12VDC 2A (24W)
- Temperature & Humidity: - Operation: 0-55 °C- Storage: -10-60 °C- Humidity: 10-90% (non- condensing)
- Unit Dimensions: 220mm x 190mm x 54mm
- Net Weight: 466g
- Package Content: GMC08 charger, power adapter, quick installation guide
