- ½ 3 x 13 megapixel cameras
- ½ 180° view
- ½ Real-time video stitching
- ½ Panoramic 4k video technology
- ½ Intelligent zoom and optimised video
- ½ Vivid HDR
- ½ Minimal setup required
- ½ USB port
- ½ Versatile
- ½ Compatible with Skype, Microsoft Teams and more.
- ½ Provides real time data and information via API

Inclusive Meetings

Panoramic-4K video using three 13-megapixel cameras and patented real-time video stitching. 180° coverage gives a more natural, inclusive view of the huddle room; the perfect partner for rich Jabra Speak audio.

Instant Collaboration

Plug-and-play technology lets you collaborate with others quickly and easily, bringing hassle-free video and audio to your huddle room.

Intelligent Video Technology

Intuitive camera technology detects individual meeting participants and optimizes the field of view to include everyone in the conversation. Video quality is automatically and continuously optimized, even under varying lighting conditions, to provide a better viewing experience.

Versatile Compatibility

Compatible with all leading video- and audio-conferencing solutions. Certified for use with Microsoft Teams and works with Zoom, Cisco Webex and many more.

Jabra 8100-119 Technical Specification
