

Siemens S68 DECT SIP Phone

Product Name: Siemens S68 DECT SIP Phone

Manufacturer: -

Model Number: S68H

Please note that the Siemens S68 has been discontinued. We recommend the Siemens S79H as a good alternative.

VoIP with answering machine and multi accounts, unrivaled wideband audio quality.

Thanks to High Definition Sound Performance (HDSP), the Gigaset S685IP lets you experience VoIP calls in unrivaled wideband audio quality. The extended frequency range means you can enjoy a conversation in twice the clarity of a normal phone call and get closer to the person you're talking to. This elegant dual-mode phone lets you easily switch between internet and fixed-line calls at the touch of a button – and offers you the added convenience of an integrated answering machine. Sporting a big, brilliant colour display and intuitive icon-based menu, the Gigaset S685 IP is also both extremely easy on the eyes and a joy to use.

Please note the S68 requires a Siemens Gigaset S685IP

Common Features

• Up to 5 Additional Handsets may be connected, giving 6 handsets in total.

• All supplied to UK spec with UK power supply.

• These phones do not depend on your PC being switched on.

Notes

• Bluetooth is connectivity only with S85H handset

• Specifications subject to change without notice

• Wideband Audio (G.722) only with S85H handset

• S675IP will not be launched in the UK. S685IP is the equivalent.

Note: Please refer to the Compatibility Table
