### Polycom EagleEye Mini USB Camera

This Polycom EagleEye Mini has been engineered for business-class performance in personal and small room environments. Some of the many highlights include high definition 1080p video, electronic pan, tilt and 4x zoom for an image that remains at the highest capable resolution even when it is fully zoomed. Instantly add business qualityvideo collaboration to your favorite Polycom audio solutions. EagleEye Mini Benefits

- T¿½ A compact and cost-effective video solution for the desktop, huddle room or on the go
- าั¿½ Security features includingintegrated privacy shutter and video mute/unmute LED indicator
- ī సైస్ట్ Simulcast video streams forremote participants best possiblevideo experience

Additionally, EagleEye Mini brings forth true color hue saturation, backlight compensation, and autofocus optimized for smaller environments so you can be sure you will experience accurate, sharp, life-like images. As if all this isn't enough, the EagleEye Mini supports simulcast streams so far-end participants will enjoy the highest resolution their endpoint can accommodate. When not in use, the integrated privacy shutter prevents unintentional use of your camera for added security.
