What's included in the starter kit:

2N IP Verso Basic Unit 1 Button with CameraThe 2N IP Verso with Camera is a modular security intercom that can be used everywhere a specific function and purpose of use is needed. The 2N Verso 9155101C features a camera and can be easily integrated into an existing camera and monitoring system, and thanks to programmable scripts, the whole system can be used as a security component to protect a building.

2N IP Verso Secured RFID card reader 13.56 MHz NFC readyThe 2N IP Verso Secured RFID card reader 13.56 MHz NFC ready allows the use of Mifare, HID iClass and DESFire cards and other standards, including NFC support – application for Android 2N® Mobile Key. The reader reads the secure PACS ID number from HID iClass cards or the uID serial number from other cards.

2N IP Verso Surface Installation 2 ModulesThe 9155022 is a 2 Module Surface-mount Frame for use in completing a 2N Helios IP Verso Modular Door Intercom system. The 2N 9155022 2-Module Frame can be used with either a Verso Basic Main Unit or with 2x Additional Function Modules.

Backplate for 2N Helios IP Verso - 2 ModulesEnables installation on glass or uneven surfaces.

2N Helios IP Licence - NFC capabilities for Force and Verso Card Readers only2N Helios IP Licence

2N Indoor Touch Screen 2.0 - BlackThe 2N Indoor Touch 2.0 (91378375) answering unit guarantees reliable video door communication. Featuring Android OS, powerful hardware and a simple user interface, the 2N Indoor Touch 2.0 is easy to integrate the with third-party applications such as home automation systems that can be comfortably operated on the 7“ touch screen made of tempered glass.

2N Starter Kit in Silver (2nStartNick-Kit)

2N Indoor Touch Desk Stand BlackA practical stand for the answering unit 2N® Indoor Touch/2N® Indoor Touch 2.0, so that it’s always within easy reach. The communicator can be easily fixed to the stand with the aid of two screws. You can put it anywhere, e.g. a reception desk, a table or on a shelf.
