

Grandstream GUV3005 HD USB Headset with Busy-light

Product Name: Grandstream GUV3005 HD USB Headset with Busy-light

Manufacturer: Grandstream

Model Number: GUV3005

Grandstream GUV3005 HD USB Headset with Noise Cancelling Mic and Busy-Light

The Grandstream GUV3005 is a USB powered HD headset with a noise cancellation microphone to minimise background noise and provide crisp HD audio. It pairs with VoIP phones, laptops and computers to offer high-quality sound. The GUV3005 also features a busy-light to indicate when a call is in progress. This headset is ideal for remote workers and busy environments.

Grandstream GUV3000 Key Features

- HD audio for crystal clear and easy communication
- USB compatibility
- Noise cancellation technology to minimise background noise
- Adjustable headband, in-line controls and left or right wearing style
- Busy-Light to indicate a call in progress

The GUV3005 provides all day comfort with adjustable headbands and soft ear cushions. Audio is easily adjusted using the in-line controls. By offering crystal-clear HD audio, comfortable use and wide compatibility, the GUV series is ideal for remote workers, call centres, receptionists, sales teams and more.

Grandstream GUV3000 Technical Specifications

General

- Connection type: USB2.0, USB-A
- Wearing style: Adjustable headband

Speaker

- Speaker Diameter: 27mm
- Impedance: $32(\pm 15\%)\Omega$
- Sensitivity 94dB: (at 1kHz 1mW)
- Frequency Response: 20Hz~20kHz
- Distortion Max: 3% @ 1kHz
- Default Input Power 10mW
- Maximum Input Power 20mW
- L/R Volume Level Difference Average $\leq 3\text{dB}$ (at 1kHz 1mW)

Microphone

- Dimension: $4.0 \times 2.2 \text{ mm}$
- Output Impedance: $< 2.2 \text{ k}\Omega$
- Sensitivity: $-44(\pm 3\text{dB}) \text{ f=1kHz, Pin=1 Pa}$
- SNR $\geq 55\text{dB f=1kHz, Pin=1Pa A-Weighted Curve}$
- Frequency Response: 100Hz~10kHz
- Directivity: Cardioid
- Microphone Boom Arm Rotation: $235^\circ \sim 730^\circ$

Additional Features

- Busy light: Integrated
- Application Compatibility: Support popular communication applications (such as Zoom, Teams, Slack, WebEx, IPVideoTalk, Grandstream Wave, Counterpath, 3CX soft phones) and IP phone devices
