

Snom A210 USB WiFi Dongle

Snom A210 USB WiFi Dongle

Product Name: Snom A210 USB WiFi Dongle

Manufacturer: Snom

Model Number: A210 Snom

Snom A210 USB WiFi Dongle

The Snom A210 can transform every current Snom D3xx and D7xx phone into a WLAN device. WLAN functionality is increasingly becoming a frequent solution in offices where mobility and wireless connectivity is important.

Snom A210 Key Features

• Cost-effective

• USB 2.0 port

• Easy to use

This small, easy to use adapter is simply plugged into the USB port of the Snom phone and can be configured quickly directly on the phone. As soon as it is connected with the local WLAN network all of the device's features and functions can be used – just the same as a cable connection!

The Snom A210 WLAN-Adapter enables you to quickly, simply and cost-effectively set-up and use your Snom phone almost anywhere you want – even without a network connection.
