Yealink MVC300 2nd Generation Microsoft S4B/Teams Room System - Huddle (MVC300-GEN2) The Yealink MVC300 is a native and easy-to-use video conferencing solution specially designed for Microsoft Teams rooms. MVC 500 includes an UVC30-Room ultra HD 4K camera and a CP900 HD full duplex speakerphone to meet the requirements of focus and small meeting rooms. Yealink MVC300 Key Features

ï¿½ One Cable Technology
ï¿½ 4K UHD Resolution
ï¿½ Auto Framing
ï¿½ Wireless Content Sharing
ï¿½ 6-Microphone Array
ï¿½ Device Management

Native Microsoft Teams-Tailored User Interface, Smooth Conference ExperienceNative Microsoft Teams-tailored user interface offers a one-touch meeting join. Designed with the idea of multi-function all-in-one, the MTouch II touch panel allows you easily perform call control, camera control, content sharing and other functions. At the same time, MTouch Ⅱ has a built-in Human Motion Sensor that the conference system can be automatically waken up and you can immediately start the conference.

Auto-framing & smart noise proof technologyYealink UVC30-Room camera allows for the framing of all participants present at a meeting, freeing your hands and focusing on the meeting itself. Meanwhile, with the Yealink camera control plug-in and camera presets, the elctronic pan, tilt and zoom can be easily done in one step. Empowered with 120° extra-large field of view, UVC30 supports 4K/30FPS ultra HD video calls that conducts business to capture everyone in the meeting room. As for the audio, the CP900 speakerphone is coupled with 360-degree voice pick-up ability, HD audio quality and full-duplex technology to guarantee you a high-quality audio solution.

Content sharing in real timeThe unique wireless content sharing solution provides participants with maximum flexibility, that a one-click content sharing can be simply realised by plugging into the WPP20 only. With a high resolution of 1080P / 30 frames, it provides users with a better content sharing experience. Besides, the wired content sharing is also available by connecting to the USB-C port or HDMI port.

Simple to deploy, easy to useWith the VCH port, MCore is specially designed for the video meeting rooms that the deployment can be easily extended. At the same time, its all-in-one design

Yealink MVC300 2nd Generation Microsoft S4B/Teams Room System - Huddle (MVC300-GEN2)

with the feature of cable management ensure the stability of the wire connection, and the most appropriate deployment can be achieved according to the layout of the meeting room. One CAT5e is totally enough to connect the TV area and the conference table area and to complete the data transmission and power supply, no additional power supply or extension cable is needed, which not only simplifying the deployment but also effectively reducing deployment costs.
Manage your devices remotelyThis solution supports Yealink Device Management Platform/Cloud Service, you can flawlessly manage, monitor, configure, update and diagnose all Yealink audio and video devices peripherals on this platform remotely.
