Yealink VC500P Small Meeting Room Kit with Conference Phone

The Yealink VC500P is ideally designed to create an immersive communication in the workspace without the clutter. Equipped with a 5x optical zoom PTZ camera, the VC500 supports 1080P/60FPS video calls, making your business discussions as interactive as possible. The VC500 also adopts an intuitive user interface, as well as excellent video and audio technology, combining together to create a simple and effective collaboration experience.

Yealink VC500P Key Features

- CP690 Conference Phone
- 5 inch capacitive touchscreen (720 x 1280)
- 1080P/60FPS and 5x optical PTZ camera
- 83° horizontal field of view
- Up to 1080p60fps video call quality
- Super video packet loss recovery technology, resist up to 30%
- Two HDMI output and two HD content input (HDMI + Mini-DP)
- Two wired microphones
- Deeply integrated with leading cloud platforms

This addition to the Yealink VC series video conferencing endpoints features H.265/HEVC, Opus, and HD voice - backed by Harman speakers. By incorporating the Yealink Meeting Server (YMS), in addition to supporting Meeting Scheduling and One-touch Meeting Access, the VC500 allows for a more immersive audio-visual collaboration. All of these features combine to make the VC500 an ideal solution for small and medium meeting rooms.
