Deliver HD Voice with Yealink Acoustic ShieldWith Yealink Acoustic Shield technology, the headsets could well filter out background noise by 2x microphones while you are on a call, which provides a HD voice quality for your listeners, and ensures distraction-free conversation.

Match your PlatformThanks to the broad compatibility of Yealink personal collaboration devices such as headsets, speakerphones and USB cameras, users can enjoy consistent call experience across UC platforms, which promises better communication quality, higher productivity and lower IT costs. Certified for Microsoft Teams, the devices designed with a dedicated Teams button for activating Microsoft Teams with one touch.

Stay Focused and Enhance ProductivityProviding a visual cue and indicator that help to reduce distractions and eliminate interruptions, which promises your ideal productivity.

Intelligent Mute ZoneWhen raising the Mic-Boom to within 30 degrees, the headsets will automatically activate mute function, ensuring that you can easily switch to a private conversation.

Ensure Communication with ComfortTo meet various preferences of users, Yealink created the lightweight designed headset with adjustable headband, replaceable ear cushions, and two wearing styles, namely mono and dual options to ensure all-day comfort.
