Poly G10-T Base kit for Microsoft Teams Rooms

The Poly G10-T delivers a clutter-free Microsoft Teams Rooms experience combined with powerful Poly audio and video for any size room. This solution eliminates the need for cable mess on the conference table. It uses just one single cable on the touch controller that connects to the computer appliance in the cabinet or behind the monitor.

Poly G10-T Key Features

- Poly GC8
- Lenovo ThinkSmart Edition Tiny
- WALL/VESA MOUNT
- 10 m high-speed fiber optic USB cable
- For content sharing, connect a PC to the Poly GC8
- A USB speakerphone can also be connected to the Poly GC8
- Gain Poly signature audio and noise-blocking technology
- TV-production-like speaker tracking with EagleEye Director II video conferencing camera
- Powered by Lenovo for enhanced security and reliability
- Touch controller
- Generous 10m (32.8 ft) USB cable (25 m/40 m options available)
- Poly exclusive HD Voice, Poly Acoustic Clarity, Poly NoiseBlockAI
- Wide-angle group-framing
- Speaker tracking cameras
- Speaker-tracking zoom cameras or speakerphones

The the Poly G10, simply plug in your PC to the touch controller to share your screen—and connect a USB speakerphone, too. Just like that, meeting experiences are simple, predictable and consistent. You get dedicated Microsoft Teams Rooms with no-fuss installation. No one will ever miss a word or inflection with Poly exclusive NoiseBlockAI, HD Voice and Acoustic Clarity technologies. And add Poly Studio video bar for automatic group framing and speaker tracking in small meeting rooms, or EagleEye Director II video conferencing camera with intelligent people tracking even in large conference rooms. With Poly room solution for Microsoft Teams, everyday meetings are transformed into powerful experiences.
