Poly VoiceStation 300 Conference Phone
The Poly VoiceStation 300 s a small conference phone ideally suited for desktops, offices, and other small rooms. With a microphone range of up to seven feet, the VoiceStation 300 is ideal for small conferences with three to four participants. Plus its compact industrial design fits well on a desk or small table, making it a great solution for offices. The VoiceStation 300 provides Polycom’s legendary voice quality at an affordable price.
Polycom VoiceStation 300 Key Features

ï¿½ Ideal for basic conferencing in offices and small conference rooms, accommodating 4 or fewer participants
ï¿½ Universal keypad and intuitive functions
ï¿½ Patented Acoustic Clarity Technology
ï¿½ 360-degree room coverage with digitally-tuned custom speaker and three sensitive microphones
ï¿½ Hands-Free Calls
ï¿½ Resists interference from mobile phones – Clearer calls with no distracting noise from wireless devices
ï¿½ Easy to use and install – Connects into any analogue phone jack
ï¿½ Secondary phone options – Plug in a fax machine or computer modem, or plug in a handset for private calls

Featuring Polycom’s award-winning Acoustic Clarity Technology, the VoiceStation 300 delivers significantly improved voice quality over the previous-generation VoiceStation 100. The VoiceStation 300 features three sensitive microphones that offer 360-degree room coverage. Smart technology, such as Dynamic Noise Reduction (DNR), provides maximum microphone sensitivity, while reducing distracting room and background noise. It also features technology that resists interference from mobile phones and other wireless devices, delivering clear communications with no distractions. Plus, Polycom’s legendary full-duplex technology ensures that everyone on the call can be heard. Convenient controls for volume, mute, redial, flash and hold are located on an intuitive, easy-to-use keypad. A handset phone can be plugged in for private calls, or simply switch back to the VoiceStation 300 for hands-free conversations.
