Yealink MVC840 Microsoft Teams Rooms System for Large Rooms

The Yealink MVC840 is a native and easy-to-use video conferencing solution specially designed for Microsoft Teams rooms. The MVC series provides a full-scene video conference solution to cover all of the meeting rooms from small to large.

Yealink MVC840 Key Features

� One cable technology

� 3-microphone array

� Yealink camera control plug-in

� Auto framing

� Wireless content sharing

� Device management

The MVC840 features the native Microsoft Teams-tailored user interface that is easy to be operated with close-to-zero learning curve, and you just walk into the meeting room and start your scheduled Teams or Skype for Business meeting with one-touch join. The Yealink MVC840 includes two or three VCM34 array microphones (up to 6 units can be connected) and a 4K UVC84 USB PTZ camera with 12x optical zoom to meet the requirements of large meeting room.
