Yealink WH62 Dual Teams DECT Headset

The Yealink WH62 is a new entry-level DECT wireless headset available in two models: WH62 Dual and WH62 Mono. It seamlessly works with major UC platforms and integrates natively with Yealink IP phones. To ensure crystal-clear sound quality, Yealink has incorporated its Super Wideband Technology and Acoustic Shield Technology, which allows for clear communication during phone calls and video conferences. With its user-friendly on-ear controls, interruption-free functionality, and comfortable design, the WH62 is an excellent partner for communication and collaboration.

Yealink WH62 Key Features

- Acoustic Shield Technology
- Optima Audio Experience
- All Day Wearing Comfort
- Multiple Devices Connection
- Customisable Busylight
- Easy Management
- Built-in Ringer
- Plug and Play
- 2 Micro-USB connection
- Teams and Skype for Business compatible
- Talking Time up to 14h (Dual)/13h (Mono)
- Wireless range up to 160m

Deliver HD Voice with Yealink Acoustic ShieldThe Yealink Acoustic Shield technology is incorporated in the headset's 2x microphones to filter out background noise during a call. This ensures a HD voice quality for your listeners and provides a distraction-free conversation experience.

Match your PlatformYealink's personal collaboration devices such as headsets, speakerphones, and USB cameras are compatible with a wide range of UC platforms. This ensures a consistent call experience for users, leading to better communication quality, higher productivity, and lower IT costs. These devices are also certified for Microsoft Teams, and come with a dedicated Teams button for easy activation.

Stay Focused and Enhance ProductivityThe headset comes equipped with visual cues and indicators that help reduce distractions and eliminate interruptions. This allows users to stay focused on their work, and ultimately improves productivity.

Intelligent Mute ZoneThe Yealink headset is designed with an intelligent mute zone feature that automatically activates the mute function when the Mic-Boom is raised within 30 degrees. This allows for private conversations without the need to manually switch on the mute function.

Ensure Communication with ComfortYealink understands the importance of comfort during long hours of communication. Therefore, the headset is designed to be lightweight with an adjustable headband, replaceable ear cushions, and two wearing styles - mono and dual - to ensure all-day comfort.
