Poly 3200 Series Blackwire On-Ear Wired Headset (C3220)

The Blackwire 3200 Series provides a best-in-class audio experience in a headset that's built for enterprise needs. Even better, people want to wear it—so your investment pays off. With a sleek design and flexible microphone boom for a customizable fit, what's not to love? Plus, it sounds as good as it looks. Enjoy the high-quality audio you expect from Poly.

Poly Blackwire C3220 Key Features

- Stereo Audio with passive noise reduction

- Variants include universal USB or USB-C

- Intuitive inline controls to answer/end calls, control volume, and mute

- PC wideband audio with noise-canceling microphones for high-quality PC telephony

- Plantronics Manager Pro, an additional purchase, enables your IT team to gain insight into every compatible Plantronics headset being used company-wide

Superior Audio Quality

Enjoy a truly outstanding sound experience—ideal for voice, music and multimedia. The Blackwire 3200 Series offers PC wideband, noise-canceling microphone and hi-fi stereo sound options. Dynamic EQ optimizes call quality and automatically adjusts the settings when you're listening to multimedia.

Advanced Connectivity

Ideal for managing calls on PC, mobile or tablet. Combine the comfort and durability of a corded headset with greater flexibility - all at an entry-level price point.

All-Day Comfort and Portability

Relax while you talk knowing your headset is secure. The lightweight metal headband offers durability plus a custom fit. Leatherette ear cushions fold flat for easy portability.

Easy Set Up

Get everyone on board fast with simple deployment plus customisable settings. Plantronics Hub for desktop lets you select your language and features, and the latest firmware keeps your device up to date. Plantronics Manager Pro gives IT teams remote management, headset inventory and usage monitoring.
