Plantronics Poly Voyager Legend CS + HL10 Handset Lifter

Plantronics' new addition to the Voyager family brings with it unsurpassable voice clarity and such a comfortable fit that it you can wear it in comfort throughout the day. With 3 noise cancelling microphones that filter about background and wind noise, as well as voice commands and Smart Sensor® technology, the Voyager Legend Cordless Headset knows when and how you want to talk. Its bluetooth technology with voice alerts means that you're in total wireless control of your phone at all times.

Plantronics Poly Voyager Legend CS Key Features

- 3 noise-cancelling microphones
- Intuitive headset that knows when you are wearing it,
- Announces caller ID
- Bluetooth and Multipoint technology for wirelessly pairing 2 devices
- Headset battery indicator on your iPhone or Android smartphone
- Vocalyst service app included

Sensor Smart® technology The Smart Sensor technology reacts when you put the headset on, allowing you to answer calls quickly without having to press any buttons. If you are already your Bluetooth headset, the Voyager Legend will announce who is calling and will wait for you to say "answer" or "ignore". By tapping the voice command button, you can also ask the headset to check your battery level or connection status, among other things, making this a truly intelligent headset.
