

Gigaset S700H PRO Cordless DECT Handset

Product Name: Gigaset S700H PRO Cordless DECT Handset

Manufacturer: Gigaset

Model Number: S700H

Gigaset S700H PRO Cordless DECT Handset

The all-rounder phone with many functions is a winner in day-to-day work environments.

When things are taking a little longer at work, a resilient phone is called for. The Gigaset S700H PRO can be relied upon at all times: The extra-long standby time, and the sturdy surface on which not even disinfectants stand a chance, are standout features.

Furthermore, the professional DECT mobile device from Gigaset boasts many functions, including audio profiles and superb HD sound quality. It is lightweight and intuitive to use, and directories and contacts are easy to access. Those not wanting to make compromises in communication tasks need look no further.

- Full compatibility with the professional Gigaset DECT Single and multi-cell systems

All-Rounder for Strict Requirements

Bigger is not always better – but it is here: The Gigaset S700H PRO boasts a large and lit 2.4" TFT colour display. It is a genuine all-rounder and satisfies all the requirements of a professional DECT phone. Numerous functions, such as SUOTA, Bluetooth 4.2, audio profiles and superb sound quality (HDSP®) make this device the perfect partner in day-to-day work environments

Endurance Professional with Short Charging Times

When things are taking a little longer, this cordless phone is just the thing: It fits comfortably in your hand and its great sound quality is a standout feature. Even after a long workday, it does not give up on you: With up to 13 hours of talk time and up to 320 hours standby, it is extremely resilient. Charging times are pleasantly short. Convenient charging of the device is also possible from the micro-USB port.

Freedom and Flexible Functions

Gigaset S700H PRO Cordless DECT Handset

You make calls, we deal with the details: So for example, thanks to the innovative 360° rotary belt clip*, you have your phone close to hand at all times – and still have your hands free. The Gigaset S700H PRO is thoroughly thought out down to the minutest detail: Many other functions simplify day-to-day work. A keypad lock with PIN protection or separately selectable audio profiles. And then there are the configurable function keys with which you can quickly and easily perform direct dialling or trigger an alarm call.

Design that is Resistant to Disinfectants

Thumbs up here for performance, price and design: This business phone is of high quality, is attractively priced and has a shapely form. To keep it this way, it has a harder surface coating. This means: Scratches and disinfectants do not bother it much, and dirt and viruses have no chance. It is certified to protection class IP40 and designed such that no metallic dust can penetrate in.

Protection Thanks to Security Options

Please do not disturb: To protect private information, this cordless DECT phone has an Hotel option. With it, all call lists and sensitive data within a predefined time period are deleted, so other users can no longer access them. This provides additional security, not only in the hotel and catering industry: The Gigaset S700H PRO is perfectly suited to day-to-day working environments.

Professionalism with Systematic Approach

As is generally well-known, communication is the key to success. This is why you should be prepared as well as you can be for communication tasks at your workplace: The Gigaset S700H PRO is optimised for use with all professional Gigaset DECT systems. But it can also be used on CAT-iq & GAP-compatible base stations from third party vendors. Whether there is a systematic approach here? You can be sure of that!
