

JPL Commander-PM V2 Monaural Headset (575-365-003)

Product Name: JPL Commander-PM V2 Monaural Headset (575-365-003)

Manufacturer: JPL Telecom

Model Number: 575-365-003

JPL Commander-PM V2 Monaural Headset (575-365-003)

The JPL Commander pm v2 is a premium, yet affordable Quick Disconnect headset available in both monaural (Commander PM) and binaural (Commander PB) wearing styles.

The Commander's superb microphone includes JPL's Surround Shield™; noise cancelling technology, this results in a 'dramatic' reduction in background noise being transmitted.

Lightweight, fully adjustable, comfortable and completely wearable for 8 hours plus. The microphone boom arm is flexible for precise positioning (perfect position is 'two fingers' widths from the mouth).

The Commander PM V2 features a swivelling T bar to give it a lower profile, perfect for storage or carrying to and from the office.
