- ½ Colourful Light Effect for specific scenario (boot-up/ringing/MWI/etc.)
- ½ Up to 10-party audio conferencing

Colourful, functional, improving work efficiency

The inspiration for the lighting on the V67 keypad comes from luxury car interiors. The flow lighting works efficiently as a status indicator. The 7 inch touchscreen can adapt easily to the different visual angles that are required, giving users a fantastic visual experience.

Antibacterial Surface Protection

The V67 comes with an antibacterial material that inhibits more than 99.5% of bacteria growth.

The Fanvil V67 also supports Opus and G.722 wideband audio codecs. It is coupled with the Noise Reduction technologies and Full-duplex AEC, bringing an immersive listening experience.

Large Adjustable Screen

The 7-inch colour touchscreen with 1024x600 resolution can be adjusted according to the needs of your environment, bringing the ultimate visual experience.

Crystal Clear Audio

The V67 supports wideband audio codec Opus and G.722, coupled with noise reduction technologies and full-duplex AEC, bring an immersive listening experience.

High Definition Video

With a built-in 5 mega-pixel HD camera (with privacy cover), two-way video call and video codec H.264, you can enjoy the premium office video experience.

Built-In WiFi and Bluetooth

Enjoy a wireless office experience with built-in 2.4G/5G WiFi and Bluetooth 5.0.

Android 9.0 OS, Infinite Possibilities

The V67 provides a comprehensive SDK (Developer Kit) to meet the customisation needs of industry applications and secondary development.
