

AudioCodes RXVcam10 Personal Webcam (RXVCAM10)

Product Name: AudioCodes RXVcam10 Personal Webcam (RXVCAM10)

Manufacturer: AudioCodes

Model Number: RXVCAM10

AudioCodes RXVcam10 Personal Webcam (RXVCAM10)

The AudioCodes RXVcam10 is a personal webcam that is appropriate for today's dynamic and collaborative work environments. Its real-time video technology brings meetings to life, guaranteeing that everyone can see and be seen clearly. The RXVcam10 is a perfect match for AudioCodes' uncompromising quality unified communications (UC) solutions, ensuring smooth integration into the One Voice portfolio.

The AudioCodes RXVcam10 allows you to stream high-definition video from any computer. It has a 2 megapixel CMOS sensor that offers 1080p Full HD real-time video for extraordinarily crisp images in any condition, from direct sunshine to low light levels. It has a 3x digital magnification capability that allows you to alter the field of view.

The RXVcam10 is compatible with all unified communication platforms, including Zoom, and is certified for use with Microsoft Teams. The RXVcam10 is easy to install via USB and mount simply and securely on your monitor or laptop, regardless of where workers are physically located.

AudioCodes RXVcam10 Key Features

- 3x digital zoom control
- Straightforward to mount and set to the desired angle
- Works in all lighting conditions, from direct sunlight to low light
- Privacy shutter
- Lightweight and easy to carry for remote and office workers
